Next

Select the folders you need to sync being aware of the size of the folders and the free space on your drive.

Choose folders

Choose what you want to be available in your "OneDrive" folder. These files will be available on-demand. Unselected files will be hidden from File Explorer.

Make all files available

Or make these folders visible:

-  Files not in a folder (0.0 KB)
- >  Attachments (0.0 KB)
- >  Documents (357.9 KB)
- >  Notebooks (0.2 KB)

Location on your PC: C:\Users\John\OneDrive
Selected: 358.1 KB

Click through all the rest of windows on how to use OneDrive "OneDrive" folder"

	Should see files starting to sync
--	-----------------------------------

Note: You will need to do this for all “Team” sites you ha
