

# Exchange 2013 Password Reset

## Exchange 2013 Password Reset

Step #	Task	Screenshot
1	Log into Natural Networks Web App portal @ <a href="https://outlook.naturalnetworks.com">https://outlook.naturalnetworks.com</a> with your full email address and email account password.	 The screenshot shows the Microsoft Outlook Web App (OWA) login interface. At the top, the word "Outlook" is written in a large, blue, sans-serif font. Below it, "Web App" is written in a smaller, gray font. There are two input fields: one for "Email address" and one for "Password", both with placeholder text. Below the password field is a "Sign in" button with a blue arrow icon and the text "sign in".
2	Once logged in go to the settings menu by clicking on the sprocket in the top right of the web application and select change password.	

		
3	<p>Enter your current password, type a new password, and then type it again to confirm it. Make sure the password has at least twelve characters in length mixed with capitals, lower case, numbers, and at least one symbol.</p> <p>After saving, you might need to re-enter your user name and password and sign in again. You'll be notified when your password has been changed successfully.</p>	<p><b>Current password:</b> <input type="text"/></p> <p><b>New password:</b> <input type="text"/></p> <p><b>Confirm new password:</b> <input type="text"/></p> <p><b>save</b></p>
4	Click the "Save" button to have the system take the new password.
