

Allow access to Last Pass from outside the US

#	Instructions	Details
1	Go to LastPass Admin Center "Manage Companies" and at the end of the client's account name click "Manage company"	 <p>The screenshot shows the 'Managed companies' page in the LastPass Admin Center. The title 'Managed companies' is at the top right. Below it, there is a 'Manage company' button. The page is partially obscured by a dark navigation bar.</p>
2	Go to "Policies" at the top of the page	 <p>The screenshot shows a dark navigation bar with the following items: Home, Users, Applications, and Policies. The 'Policies' item is highlighted with a red box, indicating it is the current page.</p>
3	Under "General Policies" enter the search term "Country". The "Restrict access by country" policy will be returned.	 <p>The screenshot shows the 'General policies' page. A search bar contains the text 'country'. Below the search bar, there are two search results, each with a checkbox: 'Policy name' and 'Restrict access by country'. The 'Restrict access by country' result is highlighted with a yellow background.</p>
4	Click on the name of the policy to edit. Where it says "All users" Edit policy users.	

		<p>Users All users</p>
5	Select "All except these users/groups"	<p> <input type="radio"/> All users <input type="radio"/> Only these users <input checked="" type="radio"/> All except these </p>
6	Search for the user name, then select the user and click "Assign users"	<p>Users (1)</p> <p> <input checked="" type="checkbox"/> Selected: 1 <input checked="" type="checkbox"/> </p> <p>Discard Assign</p>
7	To reverse this back, in Step 5, change the setting back to "All users"	<p> <input checked="" type="radio"/> All users <input type="radio"/> Only these users <input type="radio"/> All except these </p>
