Â

3. Choose **IMAPÂ** as the account type.

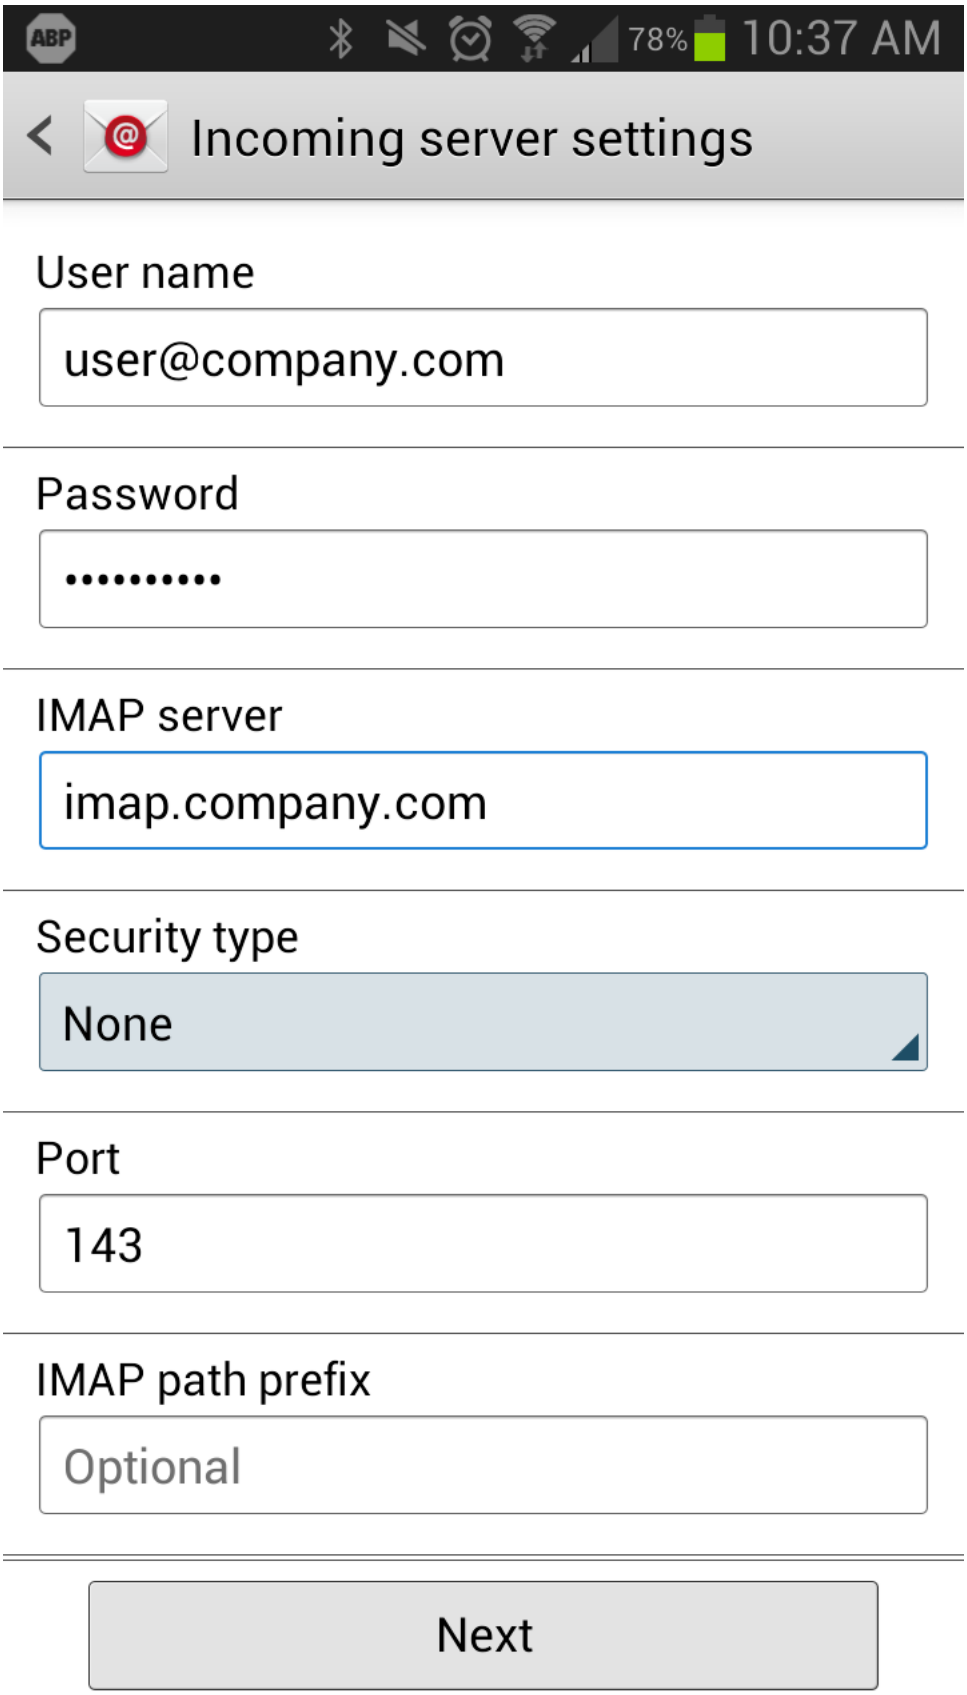

Â

4. Fill out the settings completely as follows:

- **User name:** Your complete e-mail address.
- **Password:** Your password for the corresponding e-mail address.
- **IMAP Server:** imap.COMPANY.COM
  (COMPANY.COM should be replaced with the portion of your e-mail address following the "@" symbol. Example: if your e-mail address is HanSolo@MFalcon.biz, then your IMAP server should be imap.MFalcon.biz)
- **Security Type:** None
- **Port:** 143
- **IMAP path prefix:** Leave Blank

When finished, click **next**.
