

How to Install 3CX Mobile App on an iPhone

We also have the "How To" video available on YouTube here:

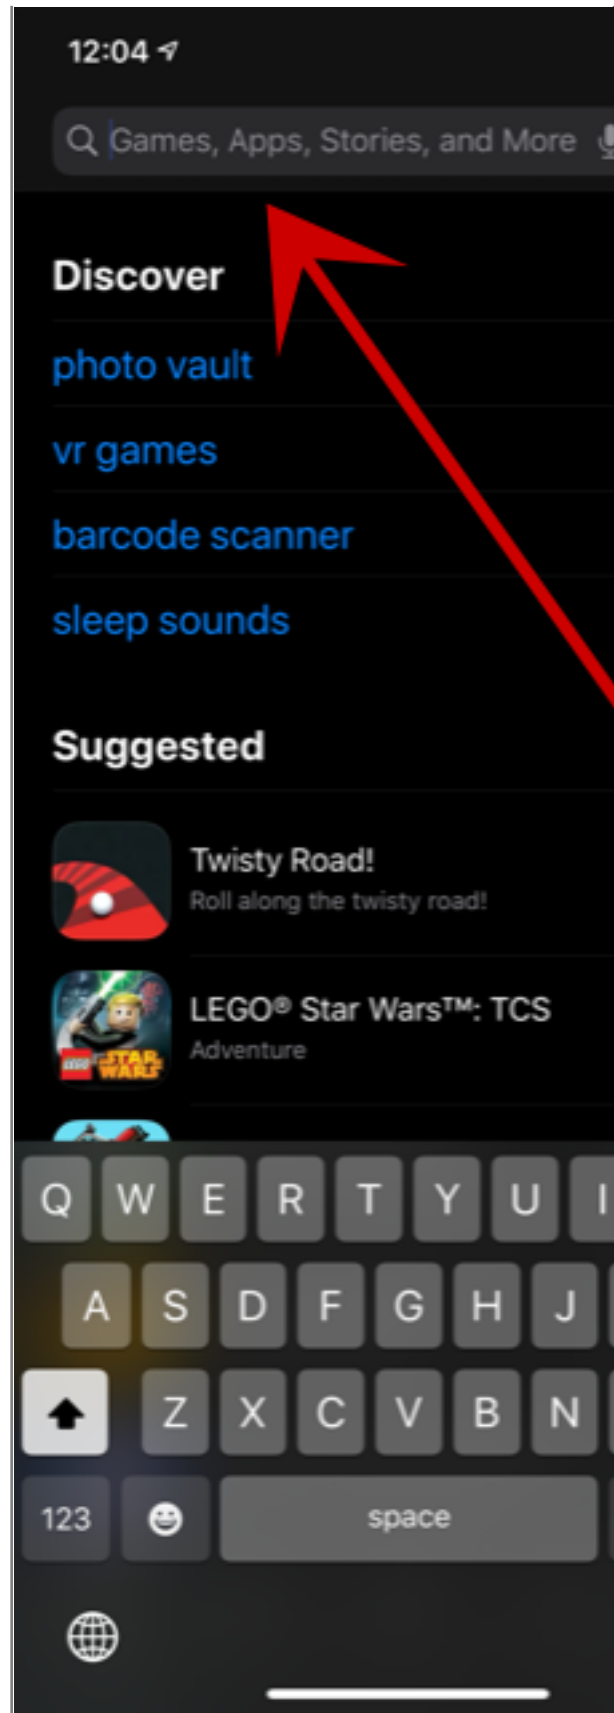

<https://www.youtube.com/watch?v=sVmfT0qwztU>

Step #	Task	Screenshot
1	Tap on the App Store app on your iPhone.	

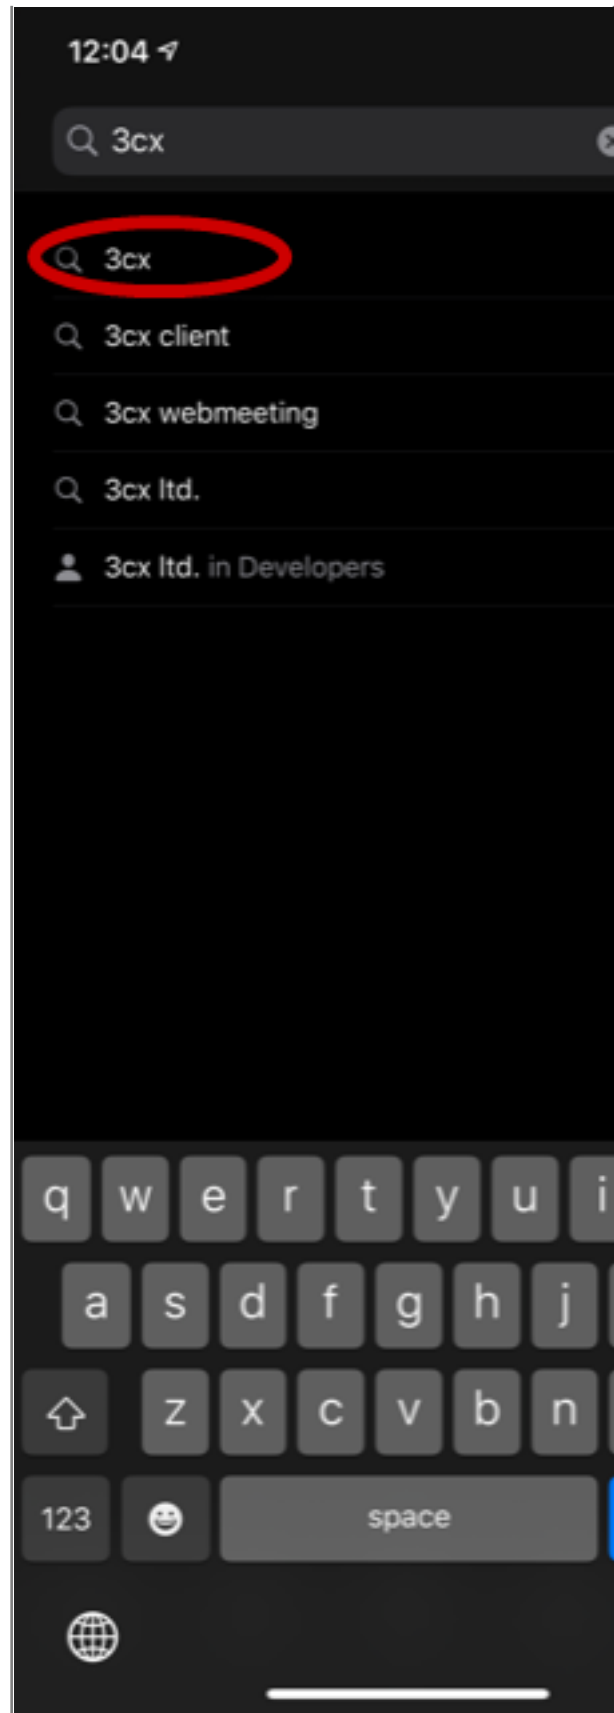

2

In the App Store search, type in "3CX."

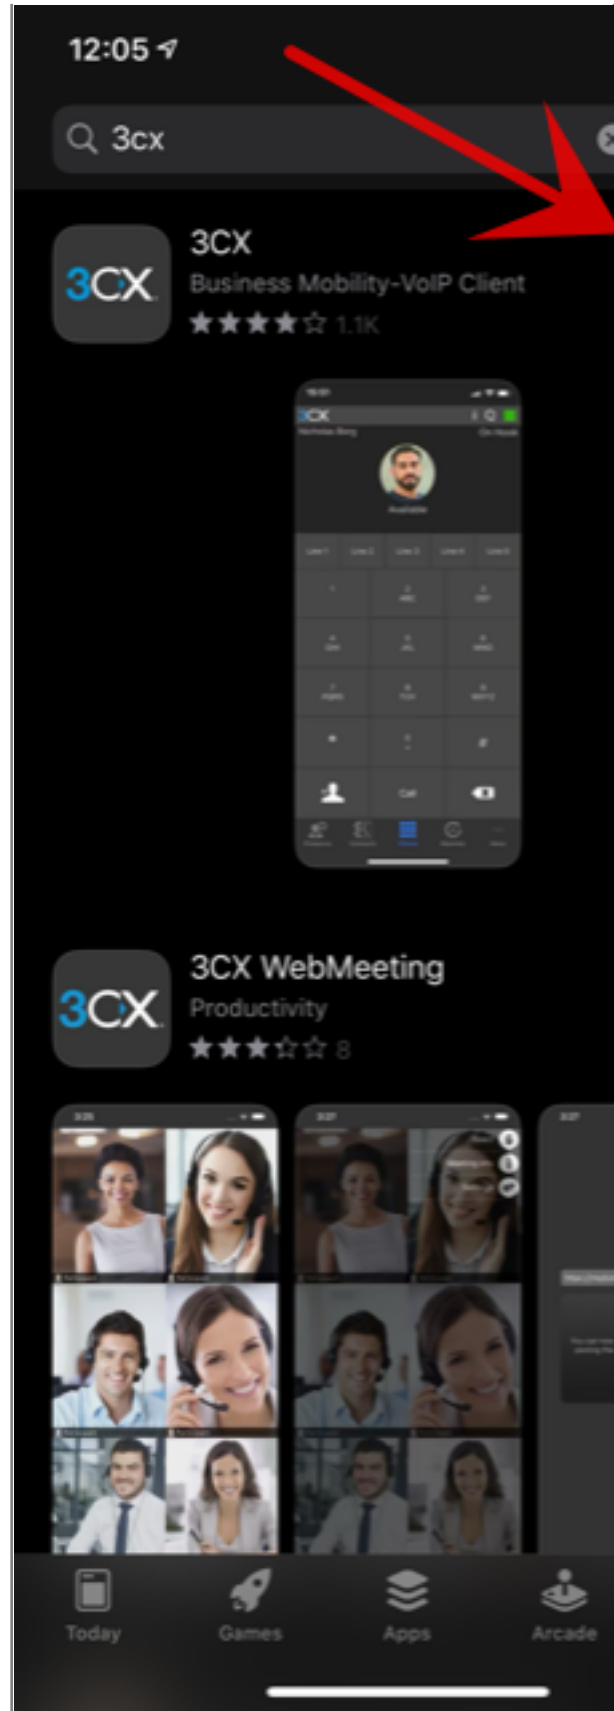

3

Select 3CX from the search options.

4

The apps found will open. Select 3CX by tapping on "Get."

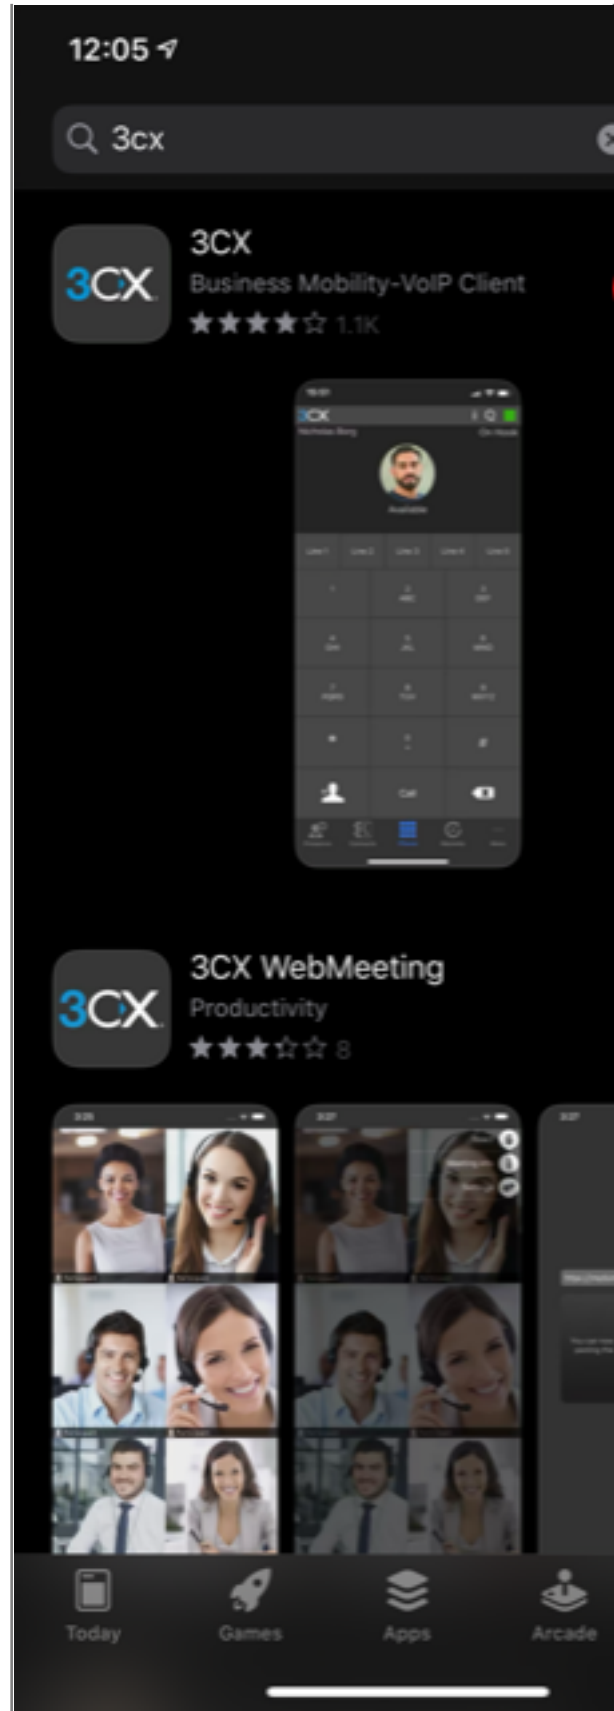

5

If you require Face ID or password, do that to allow the app to download. Then, it

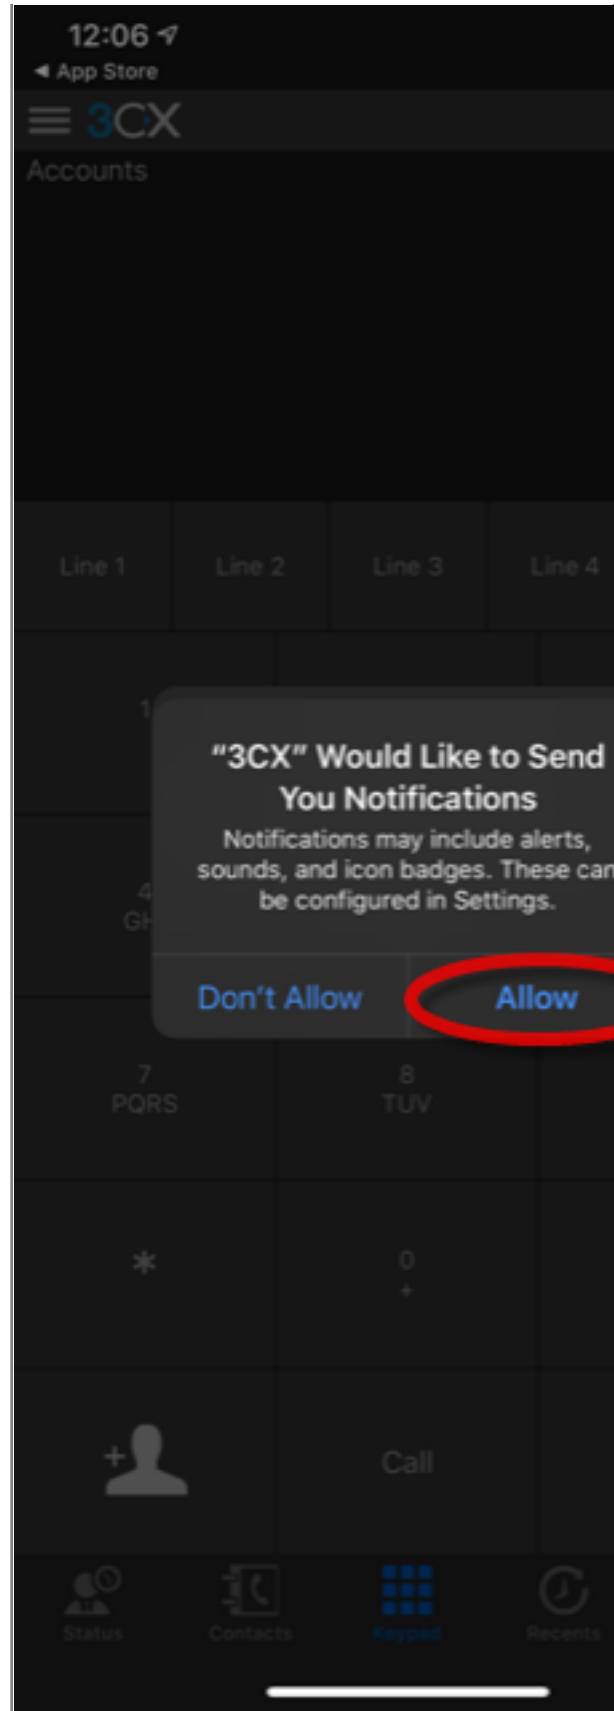

will start downloading.

Once it has fully downloaded, the **Open** button will appear. Tap on it to launch the 3CX app.

6 your iPhone will ask you whether you would like to receive notifications from

the 3CX app. Choose "Allow."

7

After selection, iPhone will prompt you if you would like 3CX to access your

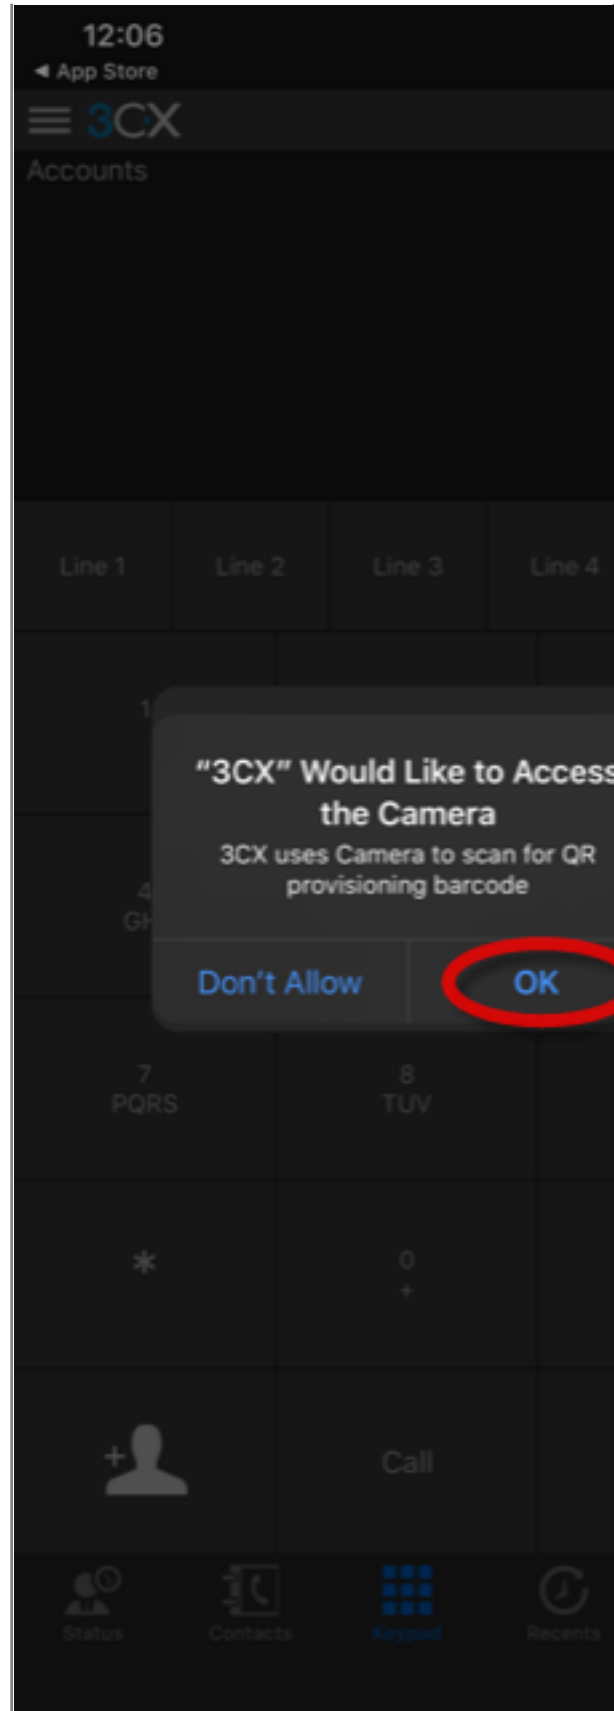

microphone on your iPhone. Tap on **OK**.

8

Next, your iPhone will prompt you as to if you would like 3CX to access your

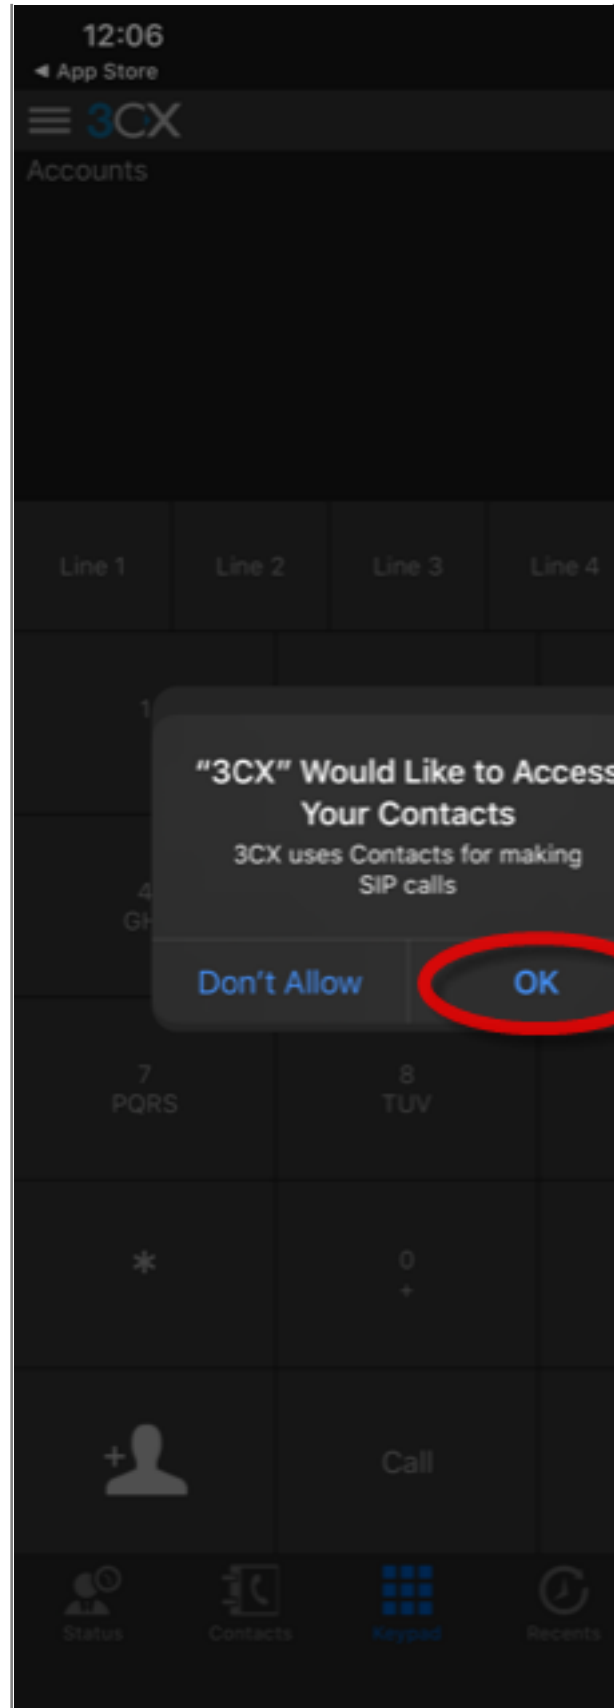

camera. Tap on **OK**.

9

Finally, your iPhone will prompt you as to whether or not you want 3CX to access

your contacts. Tap on **OK**.

10 The next prompt will be that 3CX was successfully installed. It will state the

following: **“Visit your 3CX Web Client URL and click on Settings > Scan QR Code. Point your phone to the QR code displayed and press Scan QR image below.”**

Follow those instructions, but complete them on your computer, not on your phone, otherwise you will not be able to scan the QR code.

11	Open your Welcome E-mail that you received from Natural Networks.
----	---

Welcome to the Natural Networks Cloud Phone

The Natural Networks CloudPBX is a robust, feature-rich system that provides you with very powerful capabilities including a heads-up presence display of your entire enterprise, click navigation, conferencing, disaster recovery, and more. You can read more about Natural Networks CloudPBX at http://naturalnetworks.com/phone_systems.html

With the Natural Networks CloudPBX Phone System, you can divert & transfer calls with a mouse click, see your built-in SIP phone that allows you to make calls, and more. You can also control your desk phone via CTI.

Your CloudPBX extension

- 1. Your extension number is **"123"**
- 2. Your voice mail PIN is **"1010"**

12

Scroll down to the **Using the CloudPBX WebClient** section of the Welcome Email.

Getting Started

1. Download the appropriate client for

15	<p>Go back to the login and enter the Login number listed, then go to the next entry and type in the password listed on your Welcome Email.</p>	

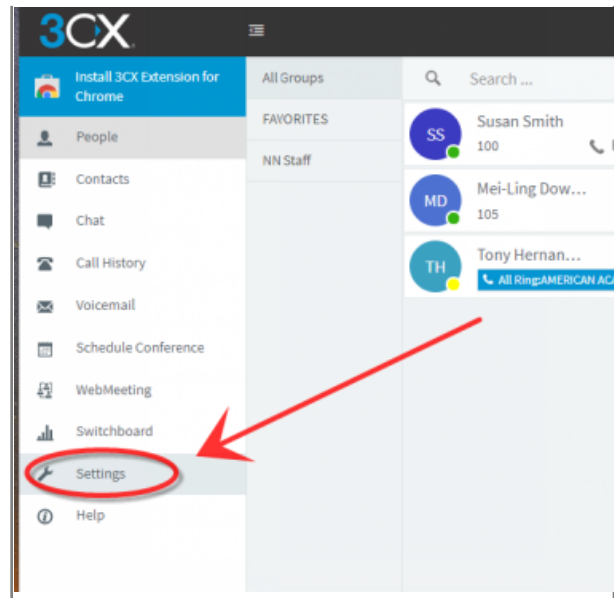

Click on **Login**.

16 Your portal will open.

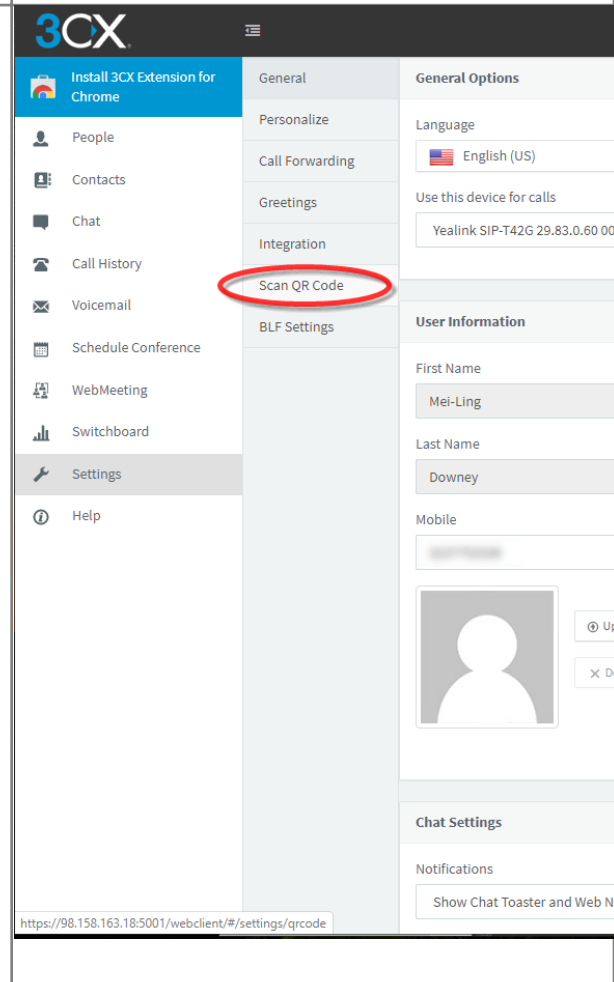

17 On the menu bar to the left, find **Settings** and click on it.

18

The next menu will open. Click on **Scan QR Code**.

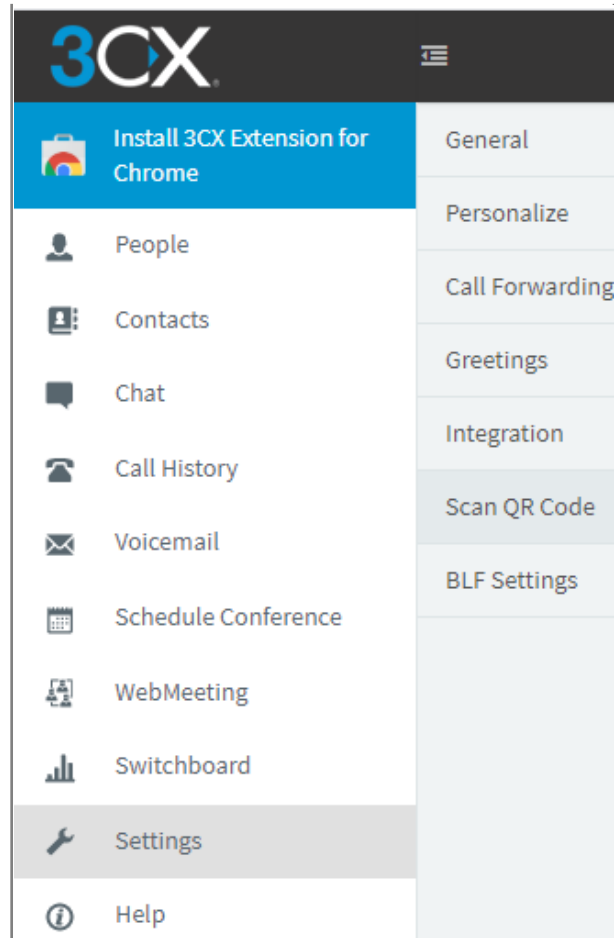

19

The QR Code screen will open.

Go back to your iPhone and click on **Scan QR Code**.

The camera will open. Line the QR Code up inside of the square on the camera. Your iPhone should instantly capture it.

20

Once it captures, it will open the 3CX app:
